

Forthcoming deliverables (before February 2012)

Technologies for High Field Instruments

- D20.2.1.2 (Report summarising detector performance): 2/12
- D20.2.2.1 (Design document for 10T TF spectrometer): 7/11
- D20.2.3.1 (Document describing HiFi performance): 1/11
- D20.2.3.2 (Publication of HiFi): 5/11

μ SR at High Pressures (solids and gases)

- Many deliverables due late 2012

Novel resonance techniques and simulation codes

- D20.4.1.1 (Simultaneous RF excitation): 5/11
- D20.4.3.2 (coding of simulation for analysis): Q2, 2012

Muon Beamline control and Modelling

- D20.5.1.1 (Methods for providing beamline diagnostics): Q1, 2011
- D20.5.3.1 (NeXus definition for ISIS and PSI): 11/11
