ESS Science&Scientists ICNS Satellite Meeting

Monday 8th of July 2013

**The University of Edinburgh, School of Chemistry
West Mains Road, Edinburgh Scotland**

ESS News

- 9:00 – 9:10 Welcome to the meeting – Jim Yeck ESS
9:10 – 9:40 ESS news: what has happened and where are we going – Dimitri Argyriou ESS
9:40 – 10:00 Accelerator and Target – Mats Lindroos ESS
10:00–10:20 Instrument Grand Design, Neutron Technologies, Science Support, DMSC

10:20 – 10:50 Coffee break

ESS experimental possibilities for Neutron Science

- 10:50 – 11:30 Possibilities for Life Science –
Prof. Olwyn Byron, University of Glasgow
11:30 – 12:10 Possibilities for Magnetic and Electronic phenomena –
Prof. Andrew Boothroyd, University of Oxford
12:10 – 12:50 Possibilities for Chemistry of materials and Energy research –
Prof. Paul Attfield, University of Edinburgh

12:50 – 14:00 Lunch

Posters and mingle

- 14:00 – 15:30 Posters on building the ESS: Conventional Facilities, Accelerator, Target,
Neutron Instruments, Neutron Technologies, Support and DMSC

Feedback

- 15:30 – 16:30 Panel discussion; Q&A
